

Discover KU Leuven

Founded in 1425, KU Leuven has been a centre of learning for almost six centuries. Today, it is Belgium's highest-ranked university as well as one of the oldest and most renowned universities in Europe.

As a leading European research university and co-founder of the League of European Research Universities (LERU), KU Leuven offers a wide variety of programmes in English supported by high-quality interdisciplinary research. Boasting an outstanding central location in the heart of Europe, KU Leuven offers a truly international experience, high-quality education, world-class research and cutting-edge innovation.

KU Leuven is a founding member of the League of European Research Universities

"It was an extremely fulfilling year. I really did acquire the tools to deal with the moral challenges that I encountered. The programme not only changed the way I practice medicine now, but it also changed what I do. I now do ethics consultation in the hospital, serve on ethics committees and help write policies in a more morally responsible way. The master programme really was an important contribution to my life."

(Geert, USA, Graduate of the Master of Bioethics)
